

DUST COLLECTORS

Professional Woodworking Machines

Stonewood Industrial Machinery's dust collectors enhance the quality of air released from industrial and commercial processing by collecting wood dust from the air. Our dust collectors are designed to reach the high-volume dust collection capacity you need with their strong motors and large fans.

These models can satisfy all series of woodworking machines such as edge banders, panel saws, and band saws.

Allow Stonewood Industrial Machinery to provide your company with a detailed quote and user reference list today.
You will be amazed at the affordability
of our dust collectors!

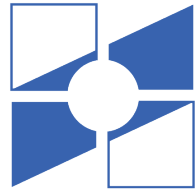

MODEL	SDC-2042K
Impeller Dia.	12"
Motor	2 HP, 115V, Single Phase
Capacity (cfm/m /min)	1600
Max. Static Pressure (Inch of Water)	11
Sound Rating (db)	60-70
Intake Opening	ø 5.984" x 1, 3.937" x 2
Packing Size (ft./cub. ft.)	3.107' x 1.833' x 1.499' (8.55 cft)
N.W. (kg)	60
G.W. (kg)	65

MODEL	SDC-4043
Impeller Dia.	12"
Motor	3 HP, 220V, Single Phase
Capacity (cfm/m /min)	2400
Max. Static Pressure (Inch of Water)	16
Sound Rating (db)	65-80
Intake Opening	ø 7.992" x 1, 3.937" x 3
Packing Size (ft./cub. ft.)	3.835' x 1.919' x 1.919' (14.09 cft)
N.W. (kg)	90
G.W. (kg)	94
